

Systems Project Manager – Kettering

Reference number: 2020/03

Salary: Competitive

Hours: 37.5per week

Job purpose: This is a fantastic opportunity to come and work for a growing company with an enviable portfolio of customers. We have an exciting opportunity for a Systems Project Manager to join our test team based in Kettering.

Reporting to the Senior Systems Programme Manager you will be responsible for managing multiple concurrent systems projects through to project completion. You will engage and support the Integration Project Managers, controlling the systems elements of integration projects.

The successful candidate will manage projects to specification, to time, to cost and to a quality acceptable to the customer, managing risks and stated benefits. Whilst working in accordance with the Risk Assessment, Safe System of Work or Workplace risk Assessment as provided by Logistex.

It is essential that you have the ability to ensure various elements of a project are properly co-ordinated; including project plan development, project plan execution, and overall change control. You will be able to influence the actions and opinions of others in a desired direction and exhibit judgement in leading others to worthwhile objectives.

No agencies please.
