

Logistex provide automated materials handling and software (WMS) solutions for warehousing operations, and we are currently seeking an

Assistant Engineer, Ashby de la Zouch

Reference number: 2022-45

Salary & Benefits: Competitive salary, 25 days holiday plus public holidays with the option to buy an additional 3 days, pension scheme, tax free childcare, cycle to work scheme, free parking

Hours: 40 Hours per week

Location: Pladis, Ashby de la Zouch

Contract type: Permanent, Full Time

Role details: We have an exciting opportunity for an Assistant Engineer to join our engineering team at Pladis.

Reporting to the Site Manager, you will be working within the Logistex team assisting the engineers on site ensuring that the equipment is maintained to a high level of operation and that the system delivers the required demands for its 24/7 operation.

Your duties will include assisting with conducting predictive, preventative and corrective maintenance on sortation and conveyor equipment including responding to breakdowns. Whilst assisting the Site Engineers / customer with any safety issues that may arise.

To be successful in this role you will be confident at working at height, have excellent team working and communication skills and the ability to adhere to instructions given.

This role offers excellent career progression opportunities. Logistex is looking for an enthusiastic and self-motivated individual who shows a willingness to learn.

No agencies please.

Closing date: 30th September 2022

To apply: Please submit your CV and covering letter to careers@logistex.com

Logistex Ltd is an equal opportunities employer and will consider all applications on the basis of their relevant merits and abilities.
