

Logistex provide automated materials handling and software (WMS) solutions for warehousing operations and we are currently seeking a

SENIOR PROJECT MANAGER

Location: Kettering

Position Type: Permanent

Are you a seasoned project manager with experience leading multimillion-pound logistics projects?

Have you successfully delivered complex, cross-functional projects from initiation to handover?

Why join us?

- Competitive salary
- Hybrid working flexibility
- Career development and training opportunities
- Member of an Employee-owned trust
- Work on high-impact automation and software projects
- Supportive and collaborative team culture

What will you be doing?

- Lead project initiation including kick-off meetings and contract walkthroughs
- Ensure compliance with Risk Assessments and Safe Systems of Work
- Manage full project lifecycle using Logistex's Stagegate process
- Deliver projects valued at £10 million+
- Control budgets and forecasts using company tools
- Create and maintain integrated project schedules (MS Project)
- Support engineering design and ensure installation-friendly solutions
- Coordinate site activities via Site Managers and subcontractors

What do we need from you?

- HNC/HND in Engineering (highly desirable)
- Prince2 or APM membership/qualifications
- Strong leadership and team motivation
- Excellent planning, organisation, and time management
- Effective communicator with negotiation skills
- Knowledge of engineering contracts (MF/1, NEC, JCT)
- Health & Safety and CDM compliance
- Customer-focused and results-driven

Apply now to join Logistex as a **Senior Project Manager** and make a lasting impact!
