

The background image is a composite of two scenes. On the left, a warehouse interior is shown with several large pallets of goods wrapped in clear plastic, stacked on a concrete floor. On the right, a white semi-truck is parked on a road, with a line of trees and a blue sky with light clouds in the background.

Logistex provide automated materials handling and software (WMS) solutions for warehousing operations and we are currently seeking a

SITE ENGINEER, B&Q WORKSOP

Location: Worksop

Position Type: Permanent, Full Time

To work within the Logistex team on site providing electrical/mechanical maintenance support, ensuring that the automated equipment that Logistex are responsible for is maintained to a high standard and to ensure that the system delivers the required performance for the sites operation.

Responsibilities:

- Follow Company Health and Safety procedures and responsibilities as outlined in the Health & Safety Policy as per section.
- 3.9 - Company Employees
- At all times, work in accordance with the Risk Assessment, Safe System of Work or Workplace Risk Assessment as provided by Logistex.
- Adhere to all health and Safety requirements.
- Adhere to the various quality and reporting systems.
- To represent Logistex professionally and manage confidentiality of all times.
- Responsible for the care of all site tools and equipment (Company & Personal), reporting the loss or damage to the Manager.
- Reset equipment errors, due to product, equipment, or operator error.
- To cover Engineering Assistant role if required. • Carry out cleaning and hygiene tasks as required.
- Although the role is predominately working to a planned shift pattern, some flexibility to cover other shifts may be required and some at short notice.
- Communicate and provide information, both internally and externally in a clear and concise manner.
- Support activities with Logistex equipment and systems in response to the customer's requirements.
- Participate in team project activities.
- Follow escalation procedures.
- To attend all training courses offered by your manager and related to your responsibilities.

Logistex is an **Equal Opportunities Employer**, committed to fostering an inclusive, diverse workplace where all individuals are valued and treated with respect. We welcome applicants from all backgrounds, believing that diversity drives innovation.
