

Logistex provide automated materials handling and software (WMS) solutions for warehousing operations and we are currently seeking an

Software Engineer, Kettering

Reference number: 2021/61 & 2021/64

Salary & Benefits: Competitive salary, 25 days holiday plus public holidays with the option to buy an additional 3 days, pension scheme, tax free childcare, cycle to work scheme, free parking

Hours: 37.5 hours

Location: Kettering

Contract type: Permanent

Role details: Due to retirement, we are looking to recruit two Software Engineers. You will be required to develop and test computer software for warehouse management and control systems based on the Logistex Warehouse System products – LWS Reflex and Analytex.

Key accountabilities of this role will include but not limited to:

- Develop software as per the system and module design documentation produced for projects, adhering to SOLID principles.
- Use agreed company standards so that work can be easily understood, checked, and maintained by others.
- Carry out unit testing to ensure that the software performs as per the design and according to company standards (with respect to screen layouts, behaviour etc.).
- Develop software within the time specified or provide early feedback where this is not possible.
- Use experience gained on previous projects and in previous companies to challenge design where there is a more appropriate solution. Use the agreed change control mechanism to do so
- Use the issue logging system (currently Jira) to report upon faults in core package software.
- Use the company development tools and computer systems provided for your role
- Provide support to the client/commissioning team during early life
- Assist with software build deliveries to test and site environments

Qualifications: Highly desirable if you hold a bachelor's degree or equivalent in a relevant technical subject, significant experience in relevant coding languages (C/C++, Java) is essential.

No agencies please.

Closing date: 20th May 2022

To apply: Apply today to start growing your future at Logistex.
Please submit your CV and covering letter to careers@logistex.com

Logistex Ltd is an equal opportunities employer and will consider all applications on the basis of their relevant merits and abilities.
