

Logistex provide automated materials handling and software (WMS) solutions for warehousing operations, and we are currently seeking an

Site Engineer – Fullers Slough

Reference number: 2022-33

Salary & Benefits: Competitive salary, site allowance, 25 days plus Bank Holidays with the option to buy an additional 3 days, pension scheme, tax free childcare, cycle to work scheme, free parking

Hours: 40 hours a week, 07:00 to 16:00 (1 hour lunch break)

Location: Slough

Contract type: Permanent, full time

Role details: Due to an internal promotion we have an exciting opportunity for a Site engineer to join our engineering team at one of our customer sites Fullers, Slough.

Reporting to the General Manager you will provide site cover for Fullers operations and carry out full maintenance activities on Logistex automated equipment and Fullers facilities (including preventative maintenance, reactive breakdowns, parts ordering, Health & Safety Procedures & Quality Procedure adherence).

To be successful in this role it is essential that you are confident at Working at Height and have good team-working skills and the ability to use your own initiative. You must also hold a full, clean driving license.

Qualifications: Mechanical/Electrical formal qualification – Essential

No agencies please.

Closing date: 31st March 2023

To apply: Please submit your CV and covering letter to careers@logistex.com

Logistex Ltd is an equal opportunities employer and will consider all applications on the basis of their relevant merits and abilities.
