

Logistex provide automated materials handling and software (WMS) solutions for warehousing operations, and we are currently seeking an

Site Engineer – Kimberley Clark Northfleet

Reference number: 2022/18

Salary & Benefits: Competitive salary, bonus scheme, 264 hours holiday with the option to buy an additional 3 days, pension scheme, tax free childcare, cycle to work scheme, free parking

Hours: 2184 annualised hours

Location: Northfleet, Kent.

Contract type: Permanent, full time (Rotating Shift work)

Role details: We are passionate about our people and proud of what we do at Logistex. We are looking to recruit a Site Engineer to join our Engineering team at our customer site in Northfleet, Gravesend Kent.

Reporting to our engaging and people focused Site Manager, you will work with the Logistex and Kimberley Clark teams to ensure that the customer equipment is maintained to an optimal level of operation.

The role requires that you conduct routine maintenance on the automated cranes and conveyor systems, to maintain the demands of the operation. Making sure that any stoppages are dealt with promptly. Complying with all Health and Safety measures to identify new risks and work to eliminate them. Using a dedicated Warehouse Management System to monitor and investigating problems.

To be successful in this role it is essential that you have a strong electrical background and are confident working at height. You must have good communication skills and work as part of a team as well as off your own initiative. Flexible to work overtime to occasionally cover for holidays and sickness in the team and for Project work.

Qualifications: To be considered for this role you will hold a HNC or HND in Engineering or equivalent.

No agencies please.

Closing date: 8th July 2022

To apply: Please submit your CV and covering letter to careers@logistex.com

Logistex Ltd is an equal opportunities employer and will consider all applications on the basis of their relevant merits and abilities.
